

## FLU-X ANTI-VIRAL SPRAY

- **FLU-X<sup>®</sup>** is a proprietary formulation of herbal extracts in an antiviral oral spray to help relieve flu and colds and stimulate the immune system.
- Clinically demonstrated to intercept the replication and kill both A and B influenza viruses and Cold coronavirus.
- Inhibits the H. Influenza, Aureus Staphylococcus and A-hemolytic Streptococcus bacteria strains associated with flu related respiratory infections.
- Helps to reduce the severity, and accelerate recovery from Flu and Colds.
- An effective dietary supplement that can be taken daily to boost and stimulate the immune system.
- Long-and-short term clinical studies conducted on the product confirm **FLU-X<sup>®</sup>** to be safe and no adverse side effects were observed in any clinical test subjects.
- Recommended for daily use for persons over 6 years of age.
