

SUPPORTING KIDNEY HEALTH

- **RECHLOR[®]** is a clinically proven over-the-counter (OTC) dietary supplement that naturally aids in the improvement of renal and kidney functions in patients suffering from compromised kidney function, chronic Kidney Disease (CKD) or Chronic Renal Failure (CRF).
- Has undergone several human clinical trials. The product is approved by Health Canada and has a Natural Product Number.
- The active molecule is an all natural product consisting of **Sodium Copper Chlorophyllin** and works synergistically with the non-active ingredients **Sorbitol** and **Glycerine** as adjuvants, to facilitate better drug delivery, absorption and bioavailability.
- An adjuvant dietary supplement biologically stimulates the cellular functions of the kidneys and improving the kidney's ability to filter out and rid the body of waste and toxic products.
- Protects and fortifies the kidneys from various nephrotoxins (renal toxicity) and the dietary supplement acts as antioxidant and immune booster.
- **The results in patients treated with RECHLOR[®] :**
 - ✓ **Decrease in** Levels of Serum Creatinine (SC), Blood Urea Nitrogen (BUN) levels, Albumin-to-Creatinine Ratio (ACR), Transforming Growth Factor Beta (TGF- β 1), and Dialysis burden
 - ✓ **Increase in** Estimated Glomerular Filtration Rate (eGFR) and Overall patient health and Quality of Life (QOL)
 - ✓ **Maintained** Serum Electrolytes (sodium, potassium, calcium, phosphorus and chloride), **all Considered Important Markers for Kidney Function**
